A New Technical Solution
SCOPE

This International Conference will provide a forum to the academic community and industrial people engaged in the field of Engineering and Management, experience and views on modern pedagogical approaches and research methodologies in the present context. The technologies in Engineering and Management are advancing at an ever increasing rate. New Technologies are emerging everyday that will radically transform the future of these fields. This conference intends to provide a forum to exchange ideas and information related to the emerging technologies. 60 papers from various institutions/industry across India and abroad will be presented in the conference. Quality of the research papers will be applauded by the session Chairs.

ABOUT THE COLLEGE

The RISE integrated campuses established in the year 2009 have two unique groups the RISE Krishna Sai Gandhi Group of Institutions and the RISE Krishna Sai Prakasam Group of Institutions to offer unparalleled Engineering, Management and Computer Applications. The most competent and dedicated technical and human resources in the campuses sharpen students and their skills. They thereby, shall be sure to make the greatest possible strides both in their career and life! The two Groups are under the single umbrella called RISE which stands for Rural Institute of Social and Economic Empowerment.

About Ongole

Ongole is a city and a Municipality in Prakasam district of Andhra Pradesh, India. It is the administrative headquarters of Prakasam district. Prakasam District was earlier known as 'Ongole' District, which was renamed as Prakasam in order to pay homage to the great patriot and Andhra Leader, Tanguturi Prakasam Panthulu. Ongole is famous for its Ongolu Gitta, a breed of oxen. This is one of the major Zebu cattle breeds in the world.

The town's history goes back to the era of the Mauryas and Sathavahanas who ruled most of what is now present day Andhra Pradesh. A few inscriptions dating to the Satavahana period were found in a village called China Ganjam, near Ongole. Ongole is also mentioned in the inscriptions of the Pallava rulers of the 3rd and 4th Century A.D. The City was also ruled by Krishna Deva Raya. According to the historical inscriptions available at Sri Raja Rajeswara Swami Temple in Ongole City was Constructed by Cholas. Kaasi Visweswara Swami temple, Chenna Keswva Swami Temple and Veeranjaneya Swami temple were built in early 17th century by King Vankayalapati Mantri and Army Chief.
